## Experience

### Upwork

Freelance Developer, Lekki, Lagos

08/2021 - 01/2024

Experienced in building robust, user-friendly mobile applications using Flutter, managing both front-end and back-end development. Proficient in crafting responsive designs, integrating APIs, and ensuring seamless user experiences. Additionally, skilled in Artificial Intelligence development using Python, working on machine learning models, data analysis, and innovative AI-driven solutions. Successfully deliver projects by combining technical expertise, creativity, and a commitment to client satisfaction.

### Huawei Technologies

Back Office Engineer Intern, Lekki, Lagos

03/2023 - 06/2023

Gained hands-on experience in network operations and maintenance while supporting live site operations. Assisted in troubleshooting and resolving network issues, ensuring optimal system performance. Collaborated with teams to monitor and manage network configurations, conduct routine checks, and analyze system data to improve service delivery. Developed technical and analytical skills through exposure to real-time scenarios, contributing to the seamless operation of critical infrastructure.
